

Media Alert

Compellent User, Viejas Enterprises, to Present at CIO Decisions 2008

Presentation to Discuss Tips for Implementing a Virtual Data Center without Increasing Costs

WHAT

Compellent customer Ram Patrachari, director of IT with Viejas Enterprises, will present on “Virtualizing the Data Center without Doubling Down on Costs” at CIO Decisions Conference in Carlsbad, California on June 17.

WHY

Attendees will learn how Compellent customer Viejas Enterprises integrated Compellent’s storage area network and VMware into its virtualized IT environment. Patrachari will provide tips on how users can virtualize a rapidly growing data center without incurring additional costs or expanding the environmental footprint.

Additional topics will include the real-world application of a disaster recovery plan, six steps Viejas took to reach a virtual infrastructure, meeting IT regulatory bodies and requirements, how to maximize utilization to free up IT resources and more.

WHERE

CIO Decisions 2008
La Costa Resort and Spa, Costa Del Sol Ballroom
Carlsbad, California

WHEN

Tuesday, June 17 from 8:20 - 8:45 AM PT
Patrachari’s session is part of the technology solutions presentation during the networking breakfast.

WHO

Compellent is a leading provider of enterprise-class network storage solutions that are highly scalable, feature-rich and designed to be easy to use and cost effective.

Ram Patrachari is the Director of IT for Viejas Enterprises, the parent company of San Diego’s favorite casino, Viejas Casino, and has held this position since 2004. He is responsible for managing the entire Casino IT infrastructure including the Network, Telecommunications and Systems. During his tenure at Viejas, Ram has built a state of the art data center, revamped the entire cabling and network infrastructure in the casino to 10G fiber and has implemented a \$20 million state of the art Casino Management system.
